

# A Guide to Articles from our 1997 Issues

Volume 134

## AMERICAN OPTOMETRIC ASSOCIATION

AOA and Contact Lens Manufacturers Face More Charges of Antitrust—No. 1, p. 4

AOA Embarks on a Second Century—No. 5, p. 4

AOA Presents Service Award—No. 6, p. 8

Ethics Debate Stirs House at AOA Centennial Congress—No. 7, p. 6

New AOA Leader Outlines Areas of Challenge—No. 7, p. 6

Outgoing AOA President Looks Back on His Year—No. 5, p. 4

## CASE REPORTS

ERG Aids in Diagnosis of Night Blindness Disorder—No. 11, p. 89

Eye Exam Leads to Diagnosis of Diabetes—No. 6, p. 99

Nature's Way of Healing an Epiretinal Membrane—No. 9, p. 133

Pregnant Patient Develops Vertical Heterophoria—No. 9, p. 130

Raised Choroidal Lesion Signals Metastatic Cancer—No. 7, p. 103

Routine Exam Discloses Optic Nerve Hypoplasia—No. 1, p. 89

Salzmann's Degeneration Started as "Eye Sickness"—No. 10, p. 100

Student Authors Earn Kudos for Case Reports (1997 Student Case Report Challenge):

- Bilateral Panuveitis Represents Vogt-Koyanagi-Harada Syndrome—No. 3, p. 86
- Intracranial Aneurysm Produces Blurred Vision—No. 3, p. 93
- Woman Develops Conjunctival Intraepithelial Neoplasia—No. 3, p. 91

Surgical Excision Resolves Pyogenic Granuloma—No. 11, p. 97

When Prostate Cancer Metastasizes to the Orbit—No. 4, p. 116

## CHAINS, CORPORATE NEWS

America's Best Teams with TSO—No. 5, p. 12

B&L Expands Reach—No. 11, p. 6

Ciba Becomes Part of Novartis—No. 1, p. 6

Ciba Settles Antitrust Lawsuit—No. 6, p. 6

Coming Soon to a Town Near You: Another Commercial Optical Outlet—No. 4, p. 4

Did Pearle Use FastCast to Pull Fast One on Franchise O.D.?—No. 8, p. 4

Macy's to Open Optical Shops—No. 7, p. 4

Optical Chains Lose Battle in Florida—No. 4, p. 8

## COMANAGEMENT

Comanagement Q&A:

- Dispelling the Mystery of Vertical Diplopia—No. 2, p. 127
- How to Comanage Trabeculectomy Patients—No. 7, p. 109
- How to Diagnose and Manage Blunt Trauma—No. 8, p. 117
- How to Monitor Patients Taking Plaquenil—No. 3, p. 113
- How to Spot the Signs of Ocular Melanoma—No. 11, p. 104
- How to Spot the Signs of STDs—No. 12, p. 63
- The Latest Word on Antioxidants and ARMD—No. 6, p. 103
- Legal Concerns in Making Referral Appointments—No. 10, p. 104

- Should We Be Using 10 Percent Phenylephrine?—No. 4, p. 119
- Treating Macular Holes and Epiretinal Membranes—No. 5, p. 133
- Treatment Strategies for Herpes Simplex Keratitis—No. 1, p. 113
- When to Hold the Lattice—and When to Refer—No. 9, p. 140

Cornea and Contact Lens Q&A:

- Debris Post-LASIK? Don't Fret—No. 6, p. 105
- Grafted Patient Gives Birth—No. 7, p. 111
- How to Handle the Slow PRK Healer—No. 2, p. 137
- When LASIK Hurts More in the Second Eye—No. 11, p. 109

The New Paradigm for Cataract Care (2nd Annual Comanagement Report):

- What You Can Expect from Today's Cataract Surgery—No. 3, p. 61
- A Question of Ethics. How Do You Choose a Cataract Surgeon?—No. 3, p. 74

## COMPUTERS

Directory of E-mail Addresses—No. 10, p. 50

# ANNUAL INDEX

- Nearly Paperless and Getting a Good Night's Sleep—No. 7, p. 35
- Taking VSP Claims to the 'Net—No. 10, p. 31

## CONTACT LENSES

- Avoiding the Legal Pitfalls of Contact Lens Rx Release—No. 10, p. 43  
 Contact Lens Guide, 1998—No. 11 (supplement)  
 Contact Lenses and Managed Care: There Is an Rx for Success—No. 1, p. 29  
 Cooper Set to Acquire Natural Touch Lenses—No. 3, p. 10  
 Do Presbyopes Slip Through Your Patient Screening?—No. 3, p. 33  
 Eight Great Ways to Reel in RGP Patients—No. 6, p. 35  
 "Hey Doc, You're Cool!"—No. 8, p. 44  
 How an Open House Built Our Monovision Practice—No. 5, p. 35  
 Paragon Moves Into Soft Lenses—No. 7, p. 6  
 The Secrets of My Success with Bifocal Contact Lenses—No. 2, p. 77  
 Secrets to a Successful Contact Lens Practice:
- Are Your Patients Still at Risk for Solution Reactions?—No. 4 (supplement), p. 16A
  - The Case for Adding Corneal Topography—No. 4 (supplement), p. 24A
  - How to Understand and Treat Corneal Ulcers—No. 4 (supplement), p. 10A
  - Twelve Tips to Improve RGP Lens Comfort—No. 4 (supplement), p. 20A
  - Yes, You Can Fit Dry Eye Patients With Contact Lenses—No. 4 (supplement), p. 4A
- Shatter These 5 Myths About Toric Lenses—No. 9, p. 75  
 Tools for Practice Growth (21st Annual Contact Lens Report):
- Here's How You Can Use Corneal Mapping Now—No. 4, p. 60
  - Scanning the Cornea at the Cellular Level—No. 4, p. 79
  - These 10 Little Gadgets Can Be Big Practice Builders—No. 4, p. 71
- Tools for Practice Growth—No. 4, p. 59
- Who's 50, Vain and Ready for Multifocals?—No. 7, p. 39  
 You're Still a Teacher When It Comes to Lens Care—No. 3, p. 39

## DISPENSING

- Can Your In-Office Lab Pass This Productivity Test?—No. 9, p. 35  
 Crimes of Fashion: How to Theft-Proof Your Optical—No. 8, p. 37  
 The Dynamite Dispensary:
- Does Your Optical Say What Your Practice Means?—No. 2, p. 53
  - How to Make Sunwear Brighten Up Your Optical—No. 2, p. 59
  - Now's a Good Time to Re-Think Your Attitude Toward "Add-ons"—No. 2, p. 73
  - An Rx for Setting Up an In-Office Lab That Works—No. 2, p. 67
- Eleven Indispensable Tools Your Dispensary Needs—No. 5, p. 41  
 How to Fight Prescription Flight—No. 9, p. 53  
 Softening the Blow of Managed Care in the Dispensary (National Panel)—No. 9, p. 54  
 Taking Safety Eyewear Beyond Polycarbonate Lenses—No. 7, p. 55

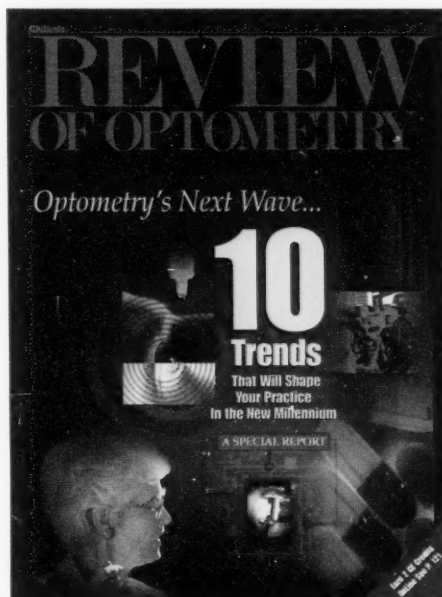

## DIAGNOSTIC INSTRUMENTS

- Instruments Report, 20th Annual:
- Advanced Primary Care Skills: Take Corneal Topography to the Next Level—No. 8, p. 89
  - Buyer's Guide to Primary Care Devices—No. 8, pp. 84-87, 95-96, 105-112

- What Perimetry Test Works Best—No. 8, p. 78
- Set Up Your Slit Lamp for Video and Digital Capture—No. 1, p. 47  
 Taking Corneal Topography Beyond Contact Lenses—No. 2, p. 85  
 The When and Why of Lease vs. Buy—No. 11, p. 48  
 Would You Buy a Used Car From This Person?—No. 5, p. 53  
 Your Digital Connection for Imaging the Retina—No. 6, p. 41

## FEATURES

- Has VSP Lost Its Way?—No. 1, p. 56  
 Optometric and Medical Abbreviations—No. 2, p. 121  
 Optometry's Next Wave ... 10 Trends That Will Change the Way You Practice—No. 5, p. 76  
 A Question of Ethics:
- If It's Not in the Fee, Should You Do It for Free?—No. 9, p. 69
  - To Do or Not to Do a Glasses Re-do?—No. 5, p. 94
  - What Do You Do When the Rx Walks?—No. 1, p. 66
  - What's Best for the Patient, What's Best for the Purse?—No. 2, p. 101

- When Do You Draw the Line on Low Vision Drivers?—No. 11, p. 63
  - When Is It Right to Do Corneal Mapping?—No. 4, p. 88
  - Would a Sweetened Pot Make You Switch Solutions?—No. 6, p. 81
- For further installments, see Features—Has PRK's Time Come ... and Gone?, Comanagement—The New Paradigm for Cataract Care, Glaucoma—Your Expanding Role in Glaucoma Management, and Practice Management—Build Your Bottom Line.

## GLAUCOMA

- Take Charge of Glaucoma Management, 3rd Annual:
- Anatomy of a Visual Field Printout—No. 9 (supplement), p. 11A
  - How to Get More Out of Your Glaucoma Medications—No. 9

- (supplement), p. 23A
- Ocular Hypertension versus Glaucoma: How Do You Decide?—No. 9 (supplement), p. 8A
- Principles of Glaucoma Medications—No. 9 (supplement), p. 17A
- Quality of Life-Centered Management of Glaucoma—No. 9 (supplement), p. 14A
- 7 Myths About Treating Glaucoma ... Dispelled!—No. 9 (supplement), p. 4A
- What to Look for in Managing Glaucoma—No. 9 (supplement), p. 26A
- When Is It Time to Refer for Surgery?—No. 9 (supplement), p. 30A
- The 10 Commandments of Glaucoma Management—No. 11, p. 67
- Your Expanding Role in Glaucoma Management (3rd Annual Glaucoma Report):
  - Advanced Primary Care Skills: What to Make of Two New Fields Tests—No. 7, p. 76
  - How to Fine Tune Your Visual Field Skills—No. 7, p. 87
  - Optometric Study Center: The Latest on Lasers in Managing Glaucoma—No. 7, p. 92
  - A Question of Ethics: Should Detailing Influence Your Treatment Decisions?—No. 7, p. 84
  - Two Dozen Pearls for Managing Glaucoma—No. 7, p. 64
- Understand the Side Effects of Glaucoma Medications—No. 5, p. 112

## MANAGED CARE, MEDICARE

### Managed Care Survival Kit, 2nd Annual:

- Chasing the Referral to Grow in Managed Care—No. 6, p. 75
- How to Write Report Letters That Keep You in the Loop—No. 6, p. 65

### Managed Care Update:

- Coding, Referrals and Other Reader Inquiries—No. 6, p. 31
- A Dozen Ways to Make Your Downtime Pay—No. 4, p. 33
- Feeling at Ease After Quitting a Panel—No. 7, p. 31
- Flex Plans, MSAs and Holiday Bonuses—No. 11, p. 33
- Fraud, Abuse and Honest Mistakes—No. 8, p. 29
- Fraud, Abuse and Honest Mistakes, Part II—No. 9, p. 29
- How to Survive an Audit—No. 1, p. 25
- It's Like a Family Thing—No. 3, p. 31
- Keep Your Plans All Bound Up—No. 5, p. 31
- Know the Code to Get What You're Owed—No. 2, p. 37
- Some Thoughts on Rejection ... And How to Avoid It—No. 12, p. 25
- Those Prying Eyes Are Watching You—No. 10, p. 29

### Medicare Q&A:

- Coding Concerns for Following Up Glaucoma Patients—No. 1, p. 8
- Dilating the Rules on Extended Ophthalmoscopy—No. 3, p. 10
- Dispensing Eyewear Following Cataract Surgery—No. 8, p. 8
- Five Ways to Survive a Medicare Audit—No. 5, p. 12
- Pressure Check—No. 9, p. 6
- A Prognosis for Reimbursement on Diagnostic Tests—No. 2, p. 8
- So, Who's a New Patient Anyway?—No. 10, p. 6
- What Codes Apply to Diabetic Retinal Evaluations?—No. 12, p. 6

### News Review:

- Aetna U.S. Healthcare Strikes Deal with Retail Outlets—No. 7, p. 8

- Average Optometric Fees Fall Under '97 Medicare Fee Schedule—No. 1, p. 8
- Dismissed Docs Level Antitrust Charges at VSP—No. 12, p. 8
- Exploring the Crack in VSP's Ownership Clause—No. 8, p. 6
- Florida VSP Fights for Independence—No. 3, p. 6
- No O.D.s Allowed in this Vision-Care Network—No. 9, p. 4
- O.D.s Benefit from Medicare Changes—No. 3, p. 6
- Optometrists Push for Parity with PARCA—No. 12, p. 4
- States Move to Tighten Reins on Managed Care—No. 6, p. 8
- VSP to Share with HMOs—No. 10, p. 6
- When Surgeons Get Whacked, You May Not Get Your Patients Back—No. 9, p. 6

## NATIONAL PANEL

- Managed Care Creates Ethical Challenges for O.D.s—No. 1, p. 10
- Mid-year Economic Report: Net Doesn't Keep Pace with Gross—No. 8, p. 8
- More O.D.s Make Dilation a Part of Their Routine—No. 4, p. 14
- O.D.s Struggle with Staff Management Issues—No. 2, p. 10
- Optometrists Explain the Risks and Rewards of Comanagement—No. 3, p. 14
- Will the O.D. Follow the Dodo? No, no—No. 11, p. 10

## NEWS REVIEW

- California Pioneers Telemedicine Law—No. 2, p. 8
- Do Declining Optics Scores Point to Optometry's Future?—No. 2, p. 4
- FTC: Precise Corneal Molding a Waste of Money—No. 9, p. 6
- ICO Looks to New Leadership—No. 12, p. 10

- Optometry School Applicants Decline—No. 8, p. 10
- Private Docs Do it a Little Better, 55,000 Readers Say—No. 7, p. 4
- Public Supports Doctors Unionizing—No. 12, p. 4
- SCCO Names a New President—No. 3, p. 10
- Three out of Four Fail Optics Section on Boards—No. 11, p. 8

## OCULAR DISEASE

- The Handbook of Ocular Disease Management—March 1997 (supplement)
- How to Match the Fundus to the Field—No. 8, p. 98
- Managing Recalcitrant Disease:
  - How to Alleviate Stubborn Dry Eye—No. 4, p. 109
  - How to Break the Cycle of Recurrent Corneal Erosion—No. 3,

## Answers to Digital Grand Rounds

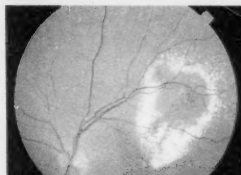

December 1996

Nonagenarian Exhibits Mysterious Lesion

*Diagnosis:* Kaposi's sarcoma of the conjunctiva

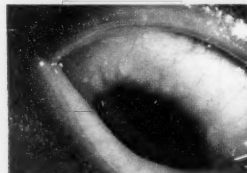

June

"Funny"-Feeling Eye is No Laughing Matter

*Diagnosis:* Retinal arterial aneurysm with a lipid ring and subsequent macular edema.

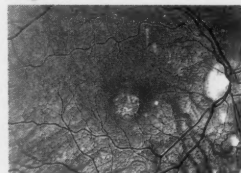

January

Teen Presents with Itching, Discharge and Redness

*Diagnosis:* Limbal vernal keratoconjunctivitis.

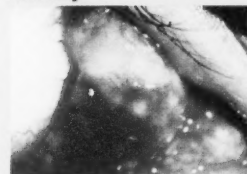

July

Exam Discloses Cause of Wavy Vision, Diplopia

*Diagnosis:* Presumed ocular histoplasmosis syndrome.

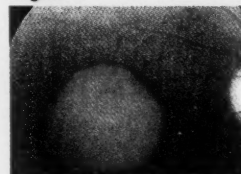

February

Male Experiences Red Eye and Glandular Pain

*Diagnosis:* Parinaud's ocular glandular conjunctivitis secondary to cat-scratch bacillus.

August

Can You "Hook" the Cause of this Reduced Acuity?

*Diagnosis:* Nonproliferative salmon patch lesion in the macula associated with sickle cell disease.

March

Lesion and Cloudy Vision Plague Patient

*Diagnosis:* Squamous cell carcinoma with focal viral inclusions in the right eye and bilateral iritis.

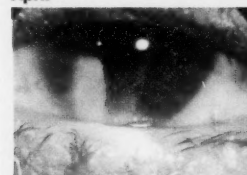

September

Exam Finds Cause of "Gloss" and Vision Loss

*Diagnosis:* Ischemic optic neuropathy.

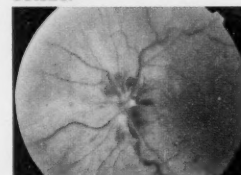

April

Patient Shows Corneal Changes One Day Post-op

*Diagnosis:* Filamentary keratitis, apparently caused by the post-op patch.

October

Fundus Exam Discloses Cause of Visual Complaints

*Diagnosis:* Central retinal vein occlusion secondary to venostasis. The subsequent ischemia triggered rubeosis of the iris as well.

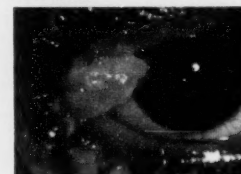

May

Glaucoma Suspect Shows Odd Gonioscopic Picture

*Diagnosis:* Melanocytoma of the angle.

November

Conjunctival Lesion Develops Following Injury

*Diagnosis:* Ulcerative pyogenic granuloma secondary to trauma.

p. 78

- How to Douse the Fire of Anterior Uveitis—No. 6, p. 91
- How to Eradicate Stubborn Ocular Infections—No. 1, p. 79
- The Recurring Nightmare of Herpes Simplex Keratitis—No. 5, p. 106

## OPHTHALMIC LENSES

How to Bat 1.000 With Your PAL Prescriptions—No. 1, p. 33

How to Get That Presbyope to Trade Up to a Progressive—No. 10, p. 40

J&J Enters Spectacle Lens Market—No. 4, p. 6

Specialty Lens Reference, 1997:

- A Few Things You Need Not Tell Patients about PALs—No. 6 (supplement), p. 4G
- Listing of Specialty Ophthalmic Lens Products—No. 6 (supplement), pp. 6G-22G, 26G-28G, 31G-43G, 46G-55G
- Prescribing Specialty Lenses for Your Youngest Patients—No. 6 (supplement), p. 23G
- When and When Not to Prescribe Tinted Lenses—No. 6 (supplement), p. 29G
- Where Today's Aspherics Can Make a Difference—No. 6 (supplement), p. 44G

How to Make UV Hazards Make Sense to Your Patients—No. 4, p. 39

What Patients Should Know About Photochromic Lenses—No. 3, p. 44

## OPTOMETRIC STUDY CENTER

A Clinical Update on Today's Strabismus Surgery—No. 5, p. 121

A Practical Clinical Guide to Sexually Transmitted Disease—No. 3, p. 101

Understanding Your Role in Managing Graves' Disease—No. 11, p. 73

What Fields Tell You About Neuro Disease—No. 9, p. 114

When Imaging is Everything: Optometric Applications of CTs and MRIs—No. 1, p. 94

See also *Glaucoma—Your Expanding Role in Glaucoma Management.*

## PATIENT CARE/General

Advanced Primary Care Skills:

- Fluorescein Angiography from Beginning to End—No. 1, p. 71
- How to Perform and Order the Right Blood Test—No. 2, p. 107
- Managing Chalazia When Warm Compresses Won't—No. 6, p. 87
- An Optometric Primer to CO2 Laser Skin Resurfacing—No. 5, p. 102
- Timing and Techniques for Removing Sutures—No. 4, p. 93
- When and How to Prescribe Oral and Injectable Agents—No. 10, p. 69

For additional installments, see *Diagnostic Instruments—Instruments Report*, and *Glaucoma—Your Expanding Role in Glaucoma Management.*

Computer Vision Syndrome: The Eyestrain Epidemic—No. 9, p. 80

Child and Spousal Abuse: Your Role in Stopping It—No. 8, p. 63

Cornea and Contact Lens Q&A:
